DU CERCEAU

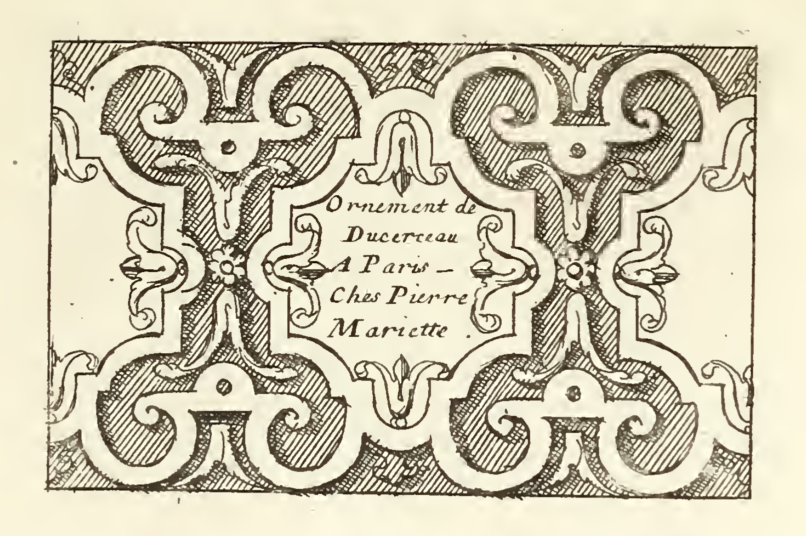

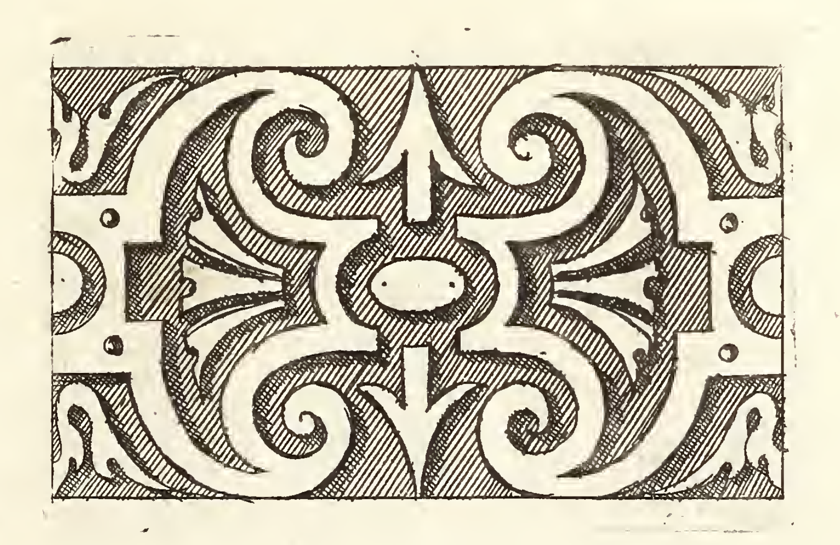

JACQUES ANDROUET DU CERCEAU

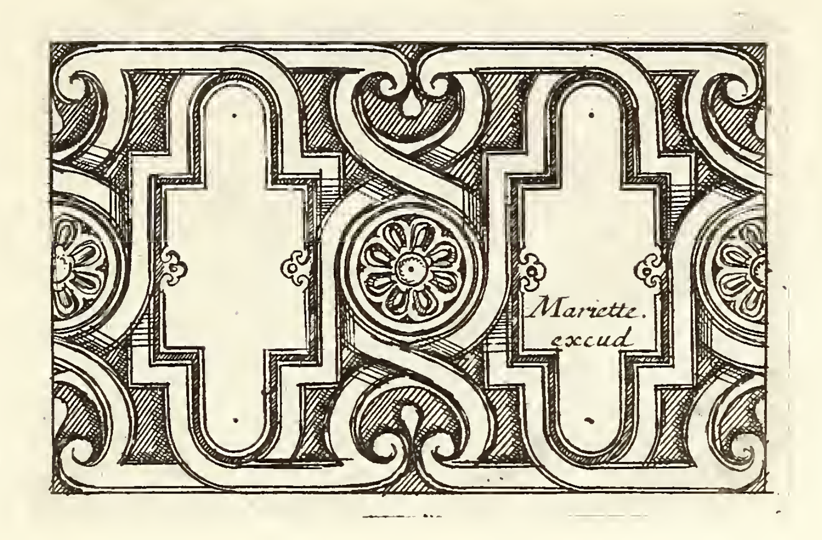

(Suite of designs for balustrades)
(c. 1560-70 ?) (but reissue with title 'Ornement de Ducerceau' and imprint Paris, Pierre Mariette, n. d. (c. 1730 ?).)

40 small engravings printed as pairs on octavo-size pp, then mounted four to a page on 5 folio ff.. Quarter calf, marbled boards. Guilmard p. 11 (sixth item on page).

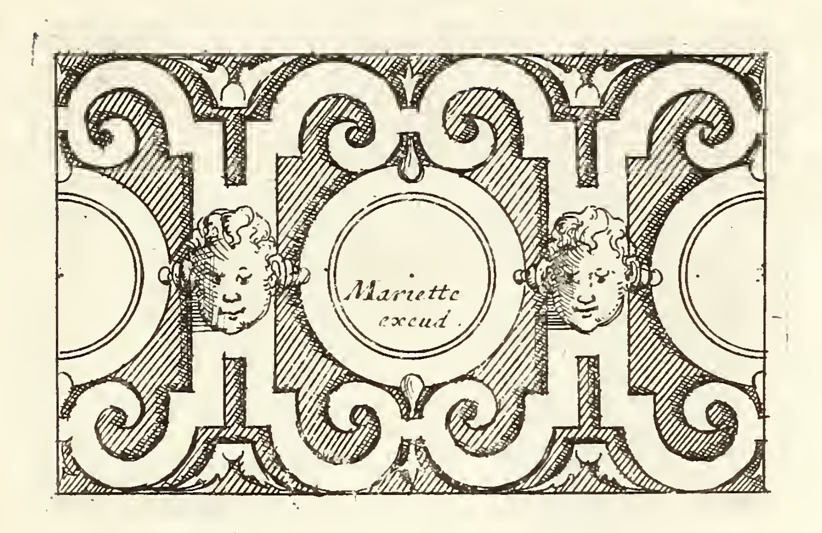

A reissue by Mariette of these intricate designs for stone (or wooden ?) balustrades, showing a continuing interest in Du Cerceau as an ornamental designer even in the 18th century. The engravings are reversed copies of the originals.
